PRICE ONE CENT

THREW EGGS.

Bryan Greeted by a Big Crowd on Arrival at Chicago.

He is Escorted by Democrats and Silver Clubs Through the Streets.

While the Procession Was on Monroe Street Several Eggs Were Thrown—Several of His Escorts Respatiered—Reward of \$500 Offered.

CHICAGO, Oct. 28.—A wild shriek that continued to grow in volume went up from the big crowds lining the approach to the Union depot, when Bryan's special pulled in at 3:30 p. m. Tuesday, exactly on time.

The police were almost powerless in their attempt to keep the shouting enthusiasts from overwhelming the candidate and his wife and it was only by a hard struggle that they were pushed, pulled and wedged to a stairway leading to the street. This proved an island of safety, for the police turned on the excited mob following Mr. and Mrs. Bryan and kept them from going further. A great cheer went up as the candidate stepped into a carriage drawn by four white horses. After some delay the procession started, the carriage containing Mrs. and Mrs. Bryan passing through a double line of political organizations which fell into line and followed after it. The central committee of the Cook county people's party organization; the central committee of the democratic party of Cook county; the presidents and secretaries of democratic and silver clubs of Cook county; the Carter Harrison association; Cook County Democracy Marching club; a Negro free silver club; and Bryan clubs composed of Germans, Irish, French, Polish, Bohemian, Hebrew and other foreign nationalities were in the parade. The candidate had as his personal escort a large body of men composing the Chicago committee, who marched beside his carriage over the entire route.

The procession proceeded up Canal street to Madison, to Fifth avenue, to Washington street, to Clark street, to Monroe street and to Battery D, arriving at the intersection of Monroe with Michigan avenues. All along that roundabout line of march the greatest enthusiasm was manifested. Hisses were heard frequently. They came principally from people who swarmed in the windows of business houses and brought vigorous responses of an uncompromising character from those in the line. As the Negro silver club was hissed the loudest, so was it the recipient of the greatest shouts of approval. The Cook County Dem-

ocracy Marching club also came in for much of the applause. Nearly everybody in the procession carried an American flag. It was just before Mr. Bryan reached the armory building on the lake front that the only incident that marred the demonstration occurred. A number of eggs were thrown in the direction of his carriage from the Metropolitan Business college on the fourth floor of a building situated on the north side of Monroe street, near the corner of Michigan avenue.

None of the missiles reached the candidate or his wife but several members of the reception committee, marching beside them, suffered.

The spacious armory, capable of holding 10,000 people standing, had been kept clear by the police until the arrival of the principal actor. A wild rush of the people followed Mr. Bryan's entrance. So quick was the charge of the anxious to get inside that Mrs. Bryan had not time to alight before a wild, cheering mob separated her from her husband. She therefore remained in the carriage and was driven to the auditorium annex, where the nominee will make his headquarters while here.

The egg throwing incident of the Bryan parade Tuesday afternoon has aroused considerable indignation in Chicago and Chief of Police Badenoch took prompt action in the matter. After the Battery D. meeting, Sol Van Praag and J. W. Murray, of the Cook County Marching club, who were hit by the eggs, made a complaint to the police.

The chief detailed 15 men to investigate the matter, and offered a reward of \$500 for the apprehension of the throwers. No arrests have been made. It is stated that one of the tenants in the building occupied by the business college saw a boy of probably 18 years climbing down the fire escape about the time the incident occurred. This leads to the belief that the occurrence was only the prank of an over enthusiastic youth. The matter will be fully investigated.

CHICAGO, Oct. 28.—Two young men, Chaucer C. Foster and Lewis Hanchett, were arrested Wednesday noon for throwing eggs at Mr. Bryan during the ride from the train to battery D Tuesday. They admit their guilt. Foster is 17 and a son of a retired merchant. Hanchett is the same age. His father is vice president of the Hanchett Paper company. The boys were locked up pending further investigation.

Post Offices Robbed. CINCINNATI, Oct. 28.—Two small store and post office robberies were reported to the post office inspector Wednesday at West Berlin and State Mills, O. Both stores and offices were looted of stamps, money and office fixtures, besides stores and goods. The value of the articles taken is not known.

THE FREE SILVER FRANKENSTEIN.

The Frankenstein monster was constructed by some of the most learned and skillful men of Europe. After being fitted out with every organ, muscle, joint, etc., the artificially made man suddenly became active. Its creators were highly pleased until the brute became unmanageable. It destroyed property and killed many men, women and children before it was finally captured and smashed to pieces. Its makers had neglected to supply it with a conscience.

Free coinage at 16 to 1 is the silver Frankenstein created by well-meaning bimetalists like Gen. Francis A. Walker and Dr. E. Benj. Andrews, who have been preaching about the evils of a single, appreciating standard of value. These bimetalists have lost control of their Frankenstein, and Mr. Walker and others are protesting that they meant only "international" bimetalism, and that they do not favor the foolhardy attempt of this country to establish free coinage "without the aid or consent of any other nation." The free silver monster has, however, got beyond their control. It has already terrorized capital, closed our mills and produced much poverty and misery. It threatens not only to paralyze all of our industries, but to force men to repudiate one-half of their honest debts. It is also without a conscience. If not destroyed on November 3, it will turn upon the silverites themselves and crush and kill them.

SAD FATE.

Ira Sawyer Killed by a Tree Eaten Through by His Campfire.

CHARLESTON, W. Va., Oct. 28.—Near Hamlin, Lincoln county, Ira Sawyer and several other companions were hunting. Sawyer became separated from his companions and lost his way. He made a fire against a tree and lay down to wait for daylight. He went to sleep, and the fire burned the tree through till it fell of its own weight, pinning Sawyer to the ground. The fire continued to burn the tree till it reached Sawyer and burned him so badly that he died in an hour after his friends found him in the morning.

IN TWO WEEKS

The Sub-Treasury at San Francisco Loses \$10,000,000 in Gold.

SAN FRANCISCO, Oct. 28.—The sub-treasury has just pulled through a rather serious run, which threatened to annihilate its gold reserve. Aid came from Chicago and other sources, and when the outpouring of gold finally stopped the \$12,000,000 of a few months ago, despite the frequent additions that have been made during that period, was reduced to a bare \$4,000,000. In two weeks \$10,000,000 worth of greenbacks were dumped over the counters and the gold they represented withdrawn.

LIFT FOR FARMERS.

The Hated Russian Thistle is Worth \$1.50 a Ton.

CHAMBERLAIN, S. D., Oct. 28.—As a result of experiments last winter the mill at Castalia will again this winter use the Russian thistle for fuel in place of coal. The proprietor of the mill offers farmers \$1.50 per ton for all the thistles they can bring in. Thus the farmers in that section will receive an income from what has heretofore been one of their greatest enemies, the thistles growing in such profusion in some localities that small grain has been completely crowded out.

Men Hired to Egg Carlisle. COVINGTON, Ky., Oct. 28.—Pug Javins, a Cincinnati man, is serving out a fine of \$5 and costs in the Covington jail. It has leaked out that Javins and two other Cincinnati men named Dwyer and Armstrong were hired to throw eggs at Carlisle. Who their employers were they will not say. Each of them got \$5 for the work, and whoever should hit Carlisle in the head was to get \$50. A barkeeper on Mt. Adams is said to have handled the money.

Carlisle Will Not Vote. LOUISVILLE, Ky., Oct. 28.—Mr. Carlisle will not vote next Tuesday, though the law would have permitted him to qualify himself by registration. He has spent the last two days in Louisville, and as Wednesday was the last day of the supplemental registration he loses his vote. He delivered the fourth of his series of Kentucky campaign speeches in this city at the Auditorium Wednesday night, and he was given a most impressive welcome.

Paid His Fine, Then Succeeded. ST. LOUIS, Oct. 28.—Charles Jaeneke committed suicide Tuesday night by shooting himself through the heart in the front yard of his home, at 1315 Dillon street. Jaeneke was arrested by Sergeant Burns and locked up because he threatened to suicide. To prevent him from doing so his wife had him arrested. He was tried in the police court Tuesday morning and released upon payment of the costs.

Aged Pioneer Dead. SUGAR GROVE, O., Oct. 28.—John Stucky, sr., a pioneer of Fairfield county, died here at the age of 80 years.

FUSION POPULISTS

Instructed to Vote the Straight Democratic Ticket in Illinois.

CHICAGO, Oct. 28.—Chairman Gowdy, of the republican state committee, Tuesday issued a letter, instructing republican election judges to count votes for names on the ballot twice, (fusion candidates) as though they were separate men of the same name. This letter gave the fusion populists the opportunity they have been waiting for, and Tuesday night they issued a proclamation, calling upon all populists, in view of this letter, to vote the straight democratic ticket. The proclamation is signed by the chairman and secretary of the populist state committee and other populists.

Montreal in Danger.

MONTREAL, Oct. 28.—It Tuesday became public that for some weeks the larger of the two city reservoirs on the mountain has been in a dangerous condition. It holds 18,000,000 gallons of water, and experts say that if a break should occur the whole city would be washed away. The governors of McGill university have already notified the city that they will hold it responsible for \$1,000,000 damages in case of accident.

Missouri's Political Poll.

ST. LOUIS, Oct. 28.—Returns have been received by the democratic state central committee from 5,000 of the 8,000 school districts of the state upon the final political poll. They indicate that Mr. Bryan will have about 68,000 majority outside of St. Louis. Chairman Cook says 12 of the 15 free silver congressional candidates will be returned, with the three St. Louis districts in doubt.

Seventy Patriots Killed.

HAVANA, Oct. 28.—The forces under Col. Alden have routed the rebel parties commanded by Laeete and Roque, 250 strong, 70 of whom, mostly infantry, perished. The combat, which lasted six hours, began at Gabrielle and terminated at San Miguel, province of Matanzas. The troops lost one killed and five wounded.

Fatal Shooting at a Political Meeting. KNOXVILLE, Tenn., Oct. 28.—A dispatch from Coal Creek, 35 miles from here, says: A very sensational shooting affray occurred there Tuesday night in which two men were killed and others wounded. The fight occurred at a McKinley meeting.

Fair Day Next Tuesday. ST. LOUIS, Oct. 28.—"Election day will be bright and pleasant," said Rev. Irl R. Hicks, the weather forecaster, Tuesday. "In the western part of the country," he continued, "there will be severe storms. We will catch their disturbances ourselves during the last three days of October, but they will spend their fury before election day."

New Vessels Named. WASHINGTON, Oct. 28.—Secretary Herbert Wednesday morning announced that the unnamed ships now under construction will be named as follows: Battleships—Alabama, Illinois and Wisconsin. Gunboats—Annapolis, Marietta, Newport, Princeton, Vicksburg and Wheeling.

Fire Island Sold. NEW YORK, Oct. 28.—Fire Island, which was purchased by the city as a quarantine station during the cholera scare of 1892, was sold at auction Tuesday. The island and the buildings upon it cost the city \$221,000, and the price realized at the sale was \$30,000.

Thomson Steel Works Resume. BRADDOCK, Pa., Oct. 28.—The Edgar Thomson steel works at this place will resume operations Thursday in all departments, giving employment to more than 2,000 men. The works have been practically idle for a month.

SEVEN DELEGATIONS

Called on Maj. McKinley at His Canton Home Tuesday.

CANTON, O., Oct. 28.—Canton has had another beautiful day of mild Indian summer weather and seven delegations took advantage of it and called on Maj. McKinley. His visitors Tuesday came from New England and Ohio. Two delegations were composed wholly of women. The most elaborate speech of the day was the one addressed to the Sound Money league of New England and it was received with fervent demonstrations of approval. Every delegation Tuesday brought great clusters of flowers for both Maj. and Mrs. McKinley.

A special train of handsome Wagner sleeping and dining cars brought a delegation from Boston and New England cities at 2 o'clock. The excursion was under the auspices of the New England Sound Money league who composed the delegation was met at the station by the mounted Canton troops, the Grand Army band and a committee of prominent citizens, who escorted them to Maj. McKinley's residence.

CHAIRMAN KURTZ

Claim a Big Majority for McKinley in Ohio.

COLUMBUS, O., Oct. 28.—Charles L. Kurtz, chairman of the republican state executive committee, gave out the first statement of his estimate of the result in this state he has made in the campaign. It was in the form of a telegram to Mark A. Hanna, chairman of the national republican committee. The telegram is as follows: Hon. M. A. Hanna, Chairman Republican National Committee, Chicago: Ohio will give McKinley a larger majority than she ever gave to a leading candidate on state or national ticket, with the possible exception of that given Brough for governor in 1893.

C. L. Kurtz, Chairman. The majority given Brough was 101,098. The next largest majority in the history of Ohio politics was that given to S. M. Taylor for secretary of state two years ago—64,000. Lincoln, when he was a candidate for re-election to the presidency, had a majority of 60,000 in this state.

Killed at the Crossing. CINCINNATI, Oct. 28.—Mrs. Sophia Klauke, wife of a dairyman, was killed at Kennedy Heights on Wednesday morning by being struck by a C. & M. train while attempting to cross the tracks with a horse and buggy. The locomotive struck the vehicle, throwing Mrs. Klauke 50 feet from the track. When picked up she was unconscious and died soon after. The unfortunate woman was almost sixty years of age.

Violated the Local Option Law. BELLEFONTAINE, O., Oct. 28.—Thomas Burke, druggist, was found guilty of violating the local option ordinance Tuesday and fined \$50 and costs, as provided by the Dow law. The trial occupied several days.

Lima Oil Up a Cent. LIMA, O., Oct. 28.—Lima oil advanced one cent Tuesday. North Lima is now 65 cents per barrel, and South Lima and Indiana 60 cents. Pennsylvania oil was advanced three cents, making it now 61.17 cents.

Watson's Letter Was Detained for Want of Postage.

Chairman Marion Butler, of the Populist Party, Makes a Statement.

The Letter is Now in the Hands of Mr. Butler, But Will Not Be Published by Him Until Mr. Watson Makes Some Important Changes.

WASHINGTON, Oct. 28.—Senator Marion Butler, chairman of the populist national committee, Tuesday night gave out the following:

Mr. Watson's letter was received Saturday night. It had been detained in the post office for want of sufficient postage and I had not been notified by the post office authorities. Of course, I expected Mr. Watson to give his letter to the public in the usual way as soon as he had it ready. At a recent meeting of our executive committee at Chicago, Mr. Washburn was sent by our committee to Thomson, Ga., to confer with Mr. Watson. On last Monday, October 19, I received a telegram from Mr. Washburn, sent while he was at Mr. Watson's home at Thomson, Ga., asking not to publish Mr. Watson's letter until I heard from him, but that was before I had received the letter. In the meantime, Mr. Washburn went to Nashville, Tenn., on last Sunday for another conference with Mr. Watson. I wired Mr. Washburn who had just returned from Nashville, where he had a second conference with Mr. Watson, that the letter had been received.

Mr. Washburn wired me in reply asking me not to publish the letter at present. In the meantime I have wired to Mr. Watson urging the advisability of making at least some important change in his letter. If he authorizes this change I will give out the letter. Otherwise he must take the responsibility of publishing it himself.

FIRE IN BROOKLYN.

Property to the Amount of Three Hundred Thousand Dollars Destroyed.

BROOKLYN, N. Y., Oct. 28.—A disastrous fire in Ronald's, a six-story building on the corner of State and Borum Place, in which there were a number of narrow escapes from loss of life, took place Tuesday afternoon. The fire started in the fourth floor, from an unknown cause, and spread rapidly both upward and downward and in a few minutes the whole structure was a mass of flames and thousands of people had collected in the streets near by. The Fay Harman and Chadwig Co. and Semmon Brothers' skirt factory employs about 200 in number, nearly all of whom were girls, were on part of the building first attacked by the flames, and there was a great jam on the stairs and fire escapes, but so far as can be learned all have been accounted for. Many of them fainted and had to be carried down the stairs by the firemen and male employees.

The fire burned five hours and completely wrecked the building. The loss is estimated at \$300,000, most of which is Ronald's company. Fay Harman and Chadwig place their loss at \$25,000.
